WORLD OF RADIO HITLIST update Feb 15

Hi Glenn, My latest Hitlist update.
https://www.w4uvh.net/hitlist.htm

1) China – Hello Xizang: Re-added links to home page, schedules and recent programmes (Thanks to Ron Howard in WOR iog mail list)
2) Cuba – R Havana Cuba: Updated links to archived programmes (with new archived programmes page, although on some occasions unfortunately just displays "bad gateway" message)
3) Ivory Coast – R Augusta International: Moved entry from "Belgium" to correct "Ivory Coast"
4) Netherlands – R Delta Int: Updated links to new programme/frequency web page
5) Turkey – TRT V of Turkey: Deleted link to TSR frequencies (page no longer exists, no alternative page found)
6) USA – KSKO Public R: Deleted entry (Now that Paul Walker has left KSKO, there is not likely to be any further shortwave relays of this station).
7) Zambia – V of Hope: Deleted entries for VoH shortwave frequency and programme pages (no longer active on SW); amended links for live stream – now labelled for VoH 1287 AM.

The next update is scheduled for mid March.
Best wishes and 73, Alan Roe

** ARGENTINA [and non]. LU8EGG, Feb 16 at 2313, colliding with KM6AUX, not hearing each other. QRZ.com: ``LU8EGG Argentina flag Argentina, Gabriel Godoy, Moreno 1744, Argentina`` but says he is in BsAs; and ``KM6AUX USA flag USA, Gerhard "Gary" Stofer, 1753 Landana Dr, Concord, CA 94519, USA`` (Glenn Hauser, OK, WOR)

** ARGENTINA [non]. 9455, Fri Feb 13 at 2302, RAE via WRMI, S9+10/20 into Maryland SDR, song in unknown language, 2303 multi-lingual ID reel, then Chinese introducing Spanish song ``Un Poco Más`` (Glenn Hauser, OK, WOR)

** ARGENTINA [non]. 9455, Mon Feb 16 at 2300, WRMI S9+40 relay of R. Nacional, with 2-minute newscast, i.e. domestic station rather than RAE in Chinese, Japanese, Portuguese or Spanish. 2304 IDs for some FM stations and AMs on 910, 780. WRTH shows three on 910, one on 780. Continued with more Spanish. What`s next? (Glenn Hauser, OK, WOR)

** ARGENTINA [non]. 9455, Tue Feb 17 at 2300 and later, this WRMI is OFF, so no relay; prop OK as 9395 is on. Finally recheck at 2320, it`s on VG in Spanish phone interview, ``en La Noche de Radio Nacional, con todo el país`` so still domestic relay rather than RAE (Glenn Hauser, OK, WOR) See also USA. WRMI

** ASCENSION. See DRM report below

** ASCENSION. 7305, Feb 16 at 0528, B-B-C- chimes, S9+10/20, 0529 sign-on in Hausa, mentions of Nigeria, 125 kW at 27 degrees; weaker than 7285 also Ascension, in English, 125 kW at 65 degrees. 7305 adds another semihour in French at 0600 (Glenn Hauser, OK, WOR)

** AUSTRALIA. 28505 USB, Feb 13 at 2324, VK2XZ calling CQDX, especially N America. QRZ.com: ``VK2XZ Australia flag Australia, Rob VK2XZ / VJ2X, Southern Highlands, POB 891 Bowral NSW 2576, Australia`` – with lots of info on his equipment, ethix (Glenn Hauser, OK, WOR)

** BRAZIL. 6180 // weaker 11780, Thu Feb 12 at 0754, RNA going from token English to Spanish with another episode about samba schools.

Spanish version has heavy Brasilian accent: it`s just too much for your Braz to stop slurring and speak Spanish with precision even if they be otherwise fluent. These were already on before 0730 (Glenn Hauser, OK, WOR)

** BRAZIL. 6180 S9+30 // much weaker 11780, Mon Feb 16 at 0748, token English already on RNA, yet another ep about samba schools, something about 80th anniversary in April, and a parade. YL voice accented so not AI this time; 0754 into Spanish. Enough about samba schools already: can we get on to some significant current events? (Glenn Hauer, OK, WOR)

** BRAZIL. 28395 USB, Feb 18 at 2311, ZV3RS calling CQ10, QRZ in English, then working KB4ASZ? unheard. Yet another LABRE special call, this one in Rio Grande do Sul.

28440 USB, Feb 18 at 2312, ZV2SP calling QRZ: this one of course in São Paulo (Glenn Hauser, OK, WOR)

** BRAZIL. 28444 USB, Feb 17 at 2305, ZV1ES calling CQDX over and over. QRZ.com: ``ZV1ES Brazil flag Brazil, LABRE - Liga de Amadores Brasileiros de Rádio Emissão, Brazilian Amateur Radio League - LABRE, 1934 - 2026 * 92 years of LABRE commemoration, Brazil`` but below a list of ZV1s, with suffices matching states such as this: Espírito Santo (Glenn Hauser, OK, WOR)

** CANADA. 15034 USB, Feb 18 at 1528 and then continuous monitoring 1600-1645+ via PEI, no sign of CHR, Trenton Military. In random tuning past few days, have not hit it nor in dark on 6754 USB -- so totally silent again? When funxional, is not continuous, with certain breaks during an hour, but when are they supposed to be? This reference, https://dxinfocentre.com/volmet.htm
shows both starting at 10, past the hours, the comma implying there used to be another time, like 40? deleted. 15034 at 1010-2400Z, 6754 at 2310-1100Z. Note the overlap, but only one transmitter? There are no other stations on either, so hardly necessary to `share` times. Many instances before, Trenton has disappeared, only to show up again eventually sometime. Are they serious? At least the last time I heard them, reports were being received (Glenn Hauser, OK, WOR)

** CHINA. 21645, Feb 13 at 2325, Chinese music, S7/S9 with Doppler flutter, what else? CNR1 jamming vs Sound of Hope. OSOB, nothing on 21800 which used to be regular for those (Glenn Hauser, OK, WOR)

** COLOMBIA. In NRC IDXD, ed. Bruce Conti replies to my log of HJAT on 1100.29: ``The high offset of this transmitter has a long history, reported at 1100.3 in the Sept 18, 1994 edition of IDXD - DX News V61-30``

Also about the 1309.67 offset of HJAK I also reported, Bruce replies: ``Another Colombia offset with a long history, 1309.678 in the old online mwoffsets list, last updated October 2014`` (Glenn Hauser, OK, WOR)

** COLOMBIA [non?]. 1100.29, re presumed off-frequency carrier from HJAT Barranquilla: in ARC mv-eko, Jorma Mäntylä, Kangasala, Finland, reported a different station on this skewed frequency, ``1100 4.2 0600 CMKQ R Angulo, Mayari. Första gången hör jag en kubansk station på split-frekvens (1100,29). JM`` = ``First time I hear a Cuban station on split frequency``

So I questioned which be correct; via editor Thomas Nilsson, he replied,
``Hey, I know HJAT drift 1100,29. I have heard it several times. Here is ID of R Angulo 1100,29:

http://www.kaapeli.fi/%7Ejmantyla/MP3/CMKQ1100.mp3
Jorma M.``

VP quality recording, but seems to ID as R. Angulo at 16 seconds into. BTW, this name is pronounced an-GU-lo, not AN-gu-lo as the common word. Further monitoring needed, especially near Cuba in daytime, and DFing also at night (Glenn Hauser, OK, WOR)

** CUBA. 11760, Feb 12 at 0739, RHC S9+35 of windhowl only (Glenn Hauser, OK, WOR)

** CUBA. 15140, Feb 12 at 2010, RHC windhowl only, 11880 clear dead air. SAWA (Glenn Hauser, OK, WOR)

** CUBA. 15140, Feb 15 at 0045, RHC dead air except for windhowl is still on much later than usual, S9+10/20 direct along with 11880 clean deadair S9+20/30. Not on air: 11760, 9710, 6000. 5990 China relay with music is S9+20/30 but JBM. By 0110, 5990 is off and 6000 is on with S9+15/20 of dead air. Ahem, with the energy shortage plaguing Cuba, why in the world are they wasting all these kilowatts on non-broadcasts?!?! Incompetence, something`s always wrong. However on the plus side, NO Cuban jamming has been heard for many months against SW opposition broadcasts. However2, 1180 and other MW frequencies continue to be blocked by piles of Cuban transmitters, which amounts to jamming (Glenn Hauser, OK, WOR)

** CUBA. 11880, Sun Feb 15 at 1604, RHC Esperanto S9/+12 into Georgia SDR, and // 15140 S9/+20 but undermodulated with windhowl. Not on 11760. Since RHC consists of nouns, the abbr. must be pronounced as ``rah-DEE-oh, ho tso``, i.e. ending in -o (Glenn Hauser, OK, WOR)

** CUBA. 9710, Mon Feb 16 at 0524, surprised to hear French talking about Cuba, S9+10/20. And at 0542, fraxured French = Kriyol. NOT known times for these langs on RHC which this must be. Meanwhile, a JBA carrier on 11760.
RHC website has a new look, and apparently deleted any info about SW broadcasts! The programming page showing timeblox is mostly blank:
https://www.radiohc.cu/programacion/
(Glenn Hauser, OK, WOR)

** CUBA. Replies to my comments about RHC and its website:
https://www.radiohc.cu/programacion/
``The website calendar that link above shows has been a work in (not much) progress for some time. If you like puzzles, you can try to play some of the English-language podcasts being archived here....
ENGLISH-LANGUAGE PROGRAMMING / February 15, 2026 - Radio Habana Cuba
https://www.radiohc.cu/en/podcast/english-language-programming-february-15-2026/

In fairness, Cuba has no monopoly on user-challenging shortwave websites, but they have not stopped producing content, maybe just recalibrating what's terrestrial and what isn't. The Spanish language service had already been using the tag line "Cuba Online" for a while. The new website configuration is aiming at archiving several days of programming. I don't objectively know that terrestrial is being discontinued, but archiving days at a time could prove to be a plus under the circumstances. ps - Ivoox is a podcast/radio app that is extremely popular in Spain.

I grew up with RHC in a manner of speaking - even before I knew a word of Spanish, the music was already speaking to me. Willis Conover's jazz programs had a similar effect on listeners in numerous countries. So yeah, it's painful to watch the station's problems, but it is the least of their worries at the moment. --Bill Tilford``, Indiana.

``Somehow I doubt that the picture on this page

https://www.radiohc.cu/en/about-us/
is anything more than a repurposed stock image.

As I have said before -- I have really deep feelings about RHC. Setting aside all the political ramblings, they have great potential to tell Cuba's history, to tell Cuba's story. The same goes for R Rebelde and R Progreso. The represent a soft power, propagandising, but doing so in a way that can't help but enamor one to the people and the culture of Cuba -- and almost in a sense binding those feelings to their struggles and wish for freedom - a freedom in their terms -- not those of the USA, Russia or China.

The economic crisis has been just another nail in a coffin hand crafted by el blocqueo. Nonetheless, if sacrificing the voice of RHC means electrical power and the like for the Cuban people, the so be it. Tony Pavick`` in BC (Glenn Hauser, OK, WOR)

** CUBA. 11880, Mon Feb 16 at 1935 into Knoxville SDR, RHC Kriyol S8/S9 into Knoxville SDR, and // weaker and windhowly 15140. English sometimes follows at 2000 but usual cut to dead air just before then. Next check at 1955: yes, already DA. Something`s always wrong at RHC (Glenn Hauser, OK, WOR)

** CUBA. 15140, Feb 17 at 2155, RHC music with windhowl, and tone, S9+10/20. 11760, Feb 17 at 2301, S9+20 dead air, and 15140 S9+10/20 DA with windhowl from RHC where something`s always wrong (Glenn Hauser, OK, WOR)

** CUBA. 15230, Feb 18 at 1531, DA at S7/S8 or JBM? but no signals on 15140, 11880, 11760. Something`s always wrong at RHC. As for redesigned website, Bill Tilford comments in the WOR iog:

https://www.radiohc.cu/programacion/

The website calendar that link above shows has been a work in (not much) progress for some time. If you like puzzles, you can try to play some of the English-language podcasts being archived here....
ENGLISH-LANGUAGE PROGRAMMING / February 15, 2026 - Radio Habana Cuba

https://www.radiohc.cu/en/podcast/english-language-programming-february-15-2026/
{on Feb 18 if you change date to 17 or 16, it`s 404 -- gh}

In fairness, Cuba has no monopoly on user-challenging shortwave websites, but they have not stopped producing content, maybe just recalibrating what's terrestrial and what isn't. The Spanish language service had already been using the tag line "Cuba Online" for a while. The new website configuration is aiming at archiving several days of programming. I don't objectively know that terrestrial is being discontinued, but archiving days at a time could prove to be a plus under the circumstances. --Bill Tilford`` (Glenn Hauser, OK, WOR)

** CUBA. Feb 18 at 2037, all known RHC frequencies off. But 11880, Feb 18 at 2305, RHC S9+20/30 of dead air; 11760 as strong on the meter but DA marred by windhowl; 15140 off and also CRI 13650 relay missing. SAWA (Glenn Hauser, OK, WOR)

** ECUADOR. 6050, Feb 12 at 0729, S7/S8 song in Spanish, so HCJB still on 24h (Glenn Hauser, OK, WORLD OF RADIO 2334)

** ECUADOR. 6050, Feb 13 at 0718, song at S7/S9, HCJB still 24h (Glenn Hauser, OK, WOR)

** ECUADOR. 6038.6, Feb 14 at 0725, very diffuse extremely distorted music, suspect a spur. A weaker blob circa 6062.2, not quite a plus/minus match to 6050 HCJB, again on air all night, but modulation

seems same without a definite match on two receivers (Glenn Hauser, OK, WOR)

** ECUADOR. 6050, Feb 16 at 0535, HCJB is stiil on, but no +/- 12~ kHz spurs detectable this time. After 0600 this would be clashing with coreligionists at ELWA Liberia (Glenn Hauser, OK, WOR)

** ECUADOR. 6050, Feb 17 at 0730, no signal from HCJB. Had been running overnight since first noticed Feb 10. Was it accidental, a test, or what? (Glenn Hauser, OK, WOR)

** GERMANY. See DRM report below

** JAMAICA [and non]. 28555 USB, Feb 16 at 2315, working UStations, but I don`t hear him mentioning his own call until 2319! QRZ.com: ``6Y5CB Jamaica flag Jamaica, Will exchange QSL cards with a contribution to help with postage, Causland J "Scorpio" Burnett, Flower Hill, Salt Spring PO, Montego Bay, Jamaica`` I was expecting the Japanese guy on his favorite frequency; rarely any USB phones higher than this in mostly vacant band (Glenn Hauser, OK, WOR)

** MEXICO. 1060, Feb 15 at 0119 UT, Mexmx and ``La Raza 10-60``. Suspect dentro-Mexicans don`t need to emphasize their racial group, unlike in USA as minority. But only two or three SS USA in NRC AM Log with no such identity. IRCA Mexican Log goes right to XERDO in Matamoros, right on the border: ``1060 XERDO Tama Matamoros 7000 2500 La Raza 10-60, La Estación de Todos 24h? REG RAMA No FM. Still active on AM 5/25 (logged by DXer). Relayed on digital TV channel 69.2. Noticias Radio Avanzado at top of some hours`` (Glenn Hauser, OK, WOR)

** MEXICO. 1170, Feb 16 at 0605 UT, Mex NA, then other music, on N/S shortwire only, assisted by fade of KOTV Tulsa to the east. Only two XEs on 1170, more likely XERT Reynosa Tams, daytimer at night, than XECSEJ Aguascalientes2, only a CP as of 2023y (Glenn Hauser, OK, WOR)

** MEXICO. 1700 kHz, Feb 16 at 0754,``Escuchas tu DN Radio``, so must be XEPE Tecate BCN, 10/10 kW, not one of the Texans. This is a sports format, but what means DN? Deportes Nacionales? (Glenn Hauser, OK, WOR)

** MEXICO. 28182+ CW, Feb 16 at 2307, VVV XE1RCS/B EK09 and dash. Still missing from WGB roster of beacons. See my prevous logs of Oct 7 and Mar 31, 2025. Also logged every year since 2022; he ubicates himself in Puebla per QRZ.com (Glenn Hauser, OK, WOR)

** NEW CALEDONIA. 28207.4 approx. CW, Feb 15 at 0048 VVV DE FK5ZDC/B, and more I don`t copy, very weak and fading. Not in WGB list, but QRZ.com: ``FK5ZDC New Caledonia flag New Caledonia, ARANC "10m Beacon" Radio Club Beacon, PO Box 3956, Noumea Cedex 98846, New Caledonia -- Hello everyone, ARANC thanks you for visiting this page. Our beacon was launched on November 7, 2025. Geographic location: Mount Do at an altitude of 1020 meters (3347 feet). Locator: RG38AF 08AU. Latitude = 021° 45' 18.84'' S, Longitude = 166° 00' 02.99" E. Equipment: Beacon OM made AA7DJ New, Mode: A1A, Power: 10 watts New, Antenna: 1/2 wave New. Patrice FK8HA will be happy to provide you with further details if you wish (see his call sign). Thank you for your visit. For ARANC, Jean Michel FK8ET. To see some informations go to:`` https://fk8ka.blogspot.com/p/naissance-de-fk5zdc-quelques-semaines.html (Glenn Hauser, OK, WOR)

** NEW ZEALAND. 28465 USB, Feb 13 at 2321, ZL2WN, Ross, contacting KC5IIW?X?. QRZ.com says he will *not* QSL: ``ZL1WN New Zealand flag New Zealand, ROSS BIGGAR, 210 Oroua Rd, R D 5, Palmerston North 4475, New Zealand``

- also heard a Japanese phone on 10m - around this hour it`s not unusual to have Japan, NZ/Australia, deep S America and the Pacific ``northwest`` all audible (Glenn Hauser, OK, WOR)

** NEW ZEALAND. 28473 USB, Feb 15 at 0054, ZL1WN VG S9 contacting some weaker USAs. QRZ.com: ``ZL1WN New Zealand flag New Zealand, ROSS BIGGAR, 210 Oroua Rd, R D 5, Palmerston North 4475, New Zealand`` (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6925 USB, Feb 18 at 2316, hard rock S9+10/20. Many logs here as Thunder Chicken Radio: https://www.hfunderground.com/board/index.php/topic,158871.0.html (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6960 USB, Feb 15 at 0104, slow jazz YL song, ``My Heart Belongs to Daddy`` S9+20; at 0108 Wolverine Radio ID (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6935 AM, Feb 15 at 0105, unID pirate music heavy beat, S9+10/20 (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6925 USB, Feb 15 at 0106, unID pirate music, while on 6925 LSB some talk, probably pesky, totally separable (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 6950, Feb 14 at 0731, music mixing with 5th harmonic of local 1390, KCRC stupid sportstalk, so must be a pirate deliberately subjecting itself to such QRM. Latest 6950 AM in HF Underground was R. Free Euphonia at *2215-2228* but then one USB unID at 0923-0927 heard on Long Island (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 7475 AM, Feb 16 at 0530, thintonations of Josiah on Station YHWH, S9+10 undermodulated direct (Glenn Hauser, OK, WOR)

** NORTH AMERICA. 9025 AM, Feb 12 at 1551, presidential pirate with clip of JFK inauguration, S7/S9, off already at next check 1556. Maybe on and off for next hour? but not followed further. Today should have been Lincoln. But turning radio back on at 1853 still tuned to 9025, S8/S9 of JFK, 1855 a bit of Sousa and back to FDR.

Terry Krueger, NW FL, had reported Feb 9 at 1604: ``Active until 1533, then back up at 1558 and still going. Mostly just looping the JFK and FDR inauguration speech radio reels snips. Clear/fair as I hit Send`` (Glenn Hauser, OK, WORLD OF RADIO 2334)

** NORTH AMERICA. 21500, Feb 17 at 2157, JBA talk, S5/S6 = noise level, anti-Christ pirate, Station YHWH as first reported today at 2050 by Ron Howard, then also heard by Chris Smolinski, Eric Fetters-Walp. I first discovered YHWH on 21500, January 1 (Glenn Hauser, OK, WOR)

** OKLAHOMA [and non]. 5140-USB, Wed Feb 18 at 1500-1508 UT, no show from weekly? Emergency net. Could be on alternate frequency in the 7s? Don`t remember it, but quick bandscans 7300-7900 don`t hit it. Uplooked later, it`s 7477. Furthermore, nothing at 1530 from the equivalent Missouri net on 5140-USB, not weekly? During nonsensical DST, will be one UT hour earliers (Glenn Hauser, OK, WOR)

** PHILIPPINES. Re my unID slightly below 11600: ``11599.965 kHz FEBC Manila from Iba SW center, scheduled Mandarin 14-15 UT. S=9+5dB in EUR, Qatar ME at 1450 UT on Febr 12, 2026. vy73 de wolfie df5sx wwdxc germany`` (Glenn Hauser, OK, WOR)

** POLAND. Re ex-Commie comments quoted by PRES: The reply on HCDX I quoted, could not find name of poster for some reason, but Wolfgang

Bueschel got it: Wojciech Zaremba (Glenn Hauser, OK, WOR)

** ROMANIA. 11620, Feb 13 at 0708, German S4/S5: it`s RRI Tsiganeshti at 0700-0730 (Glenn Hauser, OK, WOR)

** SOLOMON ISLANDS. 5020, Feb 13 at 0724, JBA carrier vs slop from 5025 Cuba, no doubt SIBC (Glenn Hauser, OK, WOR)

** SPAIN. 17755, Feb 16 at 2300, still no signal from REE, its most dispensable frequency anyway for us, aimed south at Africa and always weakest. The others are VG in non-English on non-Wednesday, 17715, 12030, 9690 (Glenn Hauser, OK, WOR)

** SPAIN. 9690, Wed Feb 18 at 2300, token weekly English from REE by heavily-accented announcers, good here S9+10/20 and 12030 S7/S9 but 17715 JBA and 17755 still absent. After previews, 2302 summary of news of the week, starting with monthiversary of train crash in Córdoba; congress rejects far-right proposed law banning burkas (I think); 2322 winner of song contest gets a golden mermaid; instead of Eurovision Song Contest, which Spain may not participate in, to protest Israeli genocide in Gaza; 2323 about derailment killing 46 and injuring more than 100, how people have lost confidence in rail safety (Glenn Hauser, OK, WOR)

** TAIWAN. 7290, Feb 13 at 1528, S6/S7 music and talk, Korean. EiBi shows it`s Nippon no Kaze, clandestine for Korea North (Glenn Hauser, OK, WOR)

** TURKEY. 5960, Fri Feb 13 at 2258, no signal into UTwente from VOT English, nor after 2300, but at 2318, JBA carrier direct must be China; at 2353 into UTwente, nothing but Chinese music on 5960.000. Something`s always erroneous at Emirler (Glenn Hauser, OK, WOR)

** TURKEY. 9660, Sun Feb 15 at 1740, VOT English, vs huge noise blob into UTwente and remotes in ME, but back to UTwente where it can be escaped by USB tuning. At 1744 after news, a song, `Letterbox` not start until 1748. Cemre previews contacts from India to Portuguese islands, apologizes for her voice today which is ``less than perfect``. 1) Mr Bolsop??, Amsterdam, Netherlands. 2) two from Mr. Annan? --? Bayan?, pres. of an SWL Club in India; first report was via UTwente, second via SDR in Bogor, Indonesia. 3) Jorge Garzón Gutiérrez, Cantabria, northern Spain, with IberiaDX website. By now 1757 the LSB noise is off. She repeatedly refers to him as Mr. Gutiérrez instead of Garzón, i.e. matronymic instead of patronymic. I doubt she does this out of a sense of feminism or even gender equality. Discussing butterflies: one can visit ``A tropical butterfly garden`` somewhere in Turkey. 4) Jayanta Chakraborty, New Delhi, perpetual. 5) finally, Ernesto Castanha?, Azores, who reports on German at 1230 on 15270. 1806 ending, 1807 theme (Glenn Hauser, OK, WOR)

** TURKEY. 9650, Feb 16 at 0526 Turkish music S9+10/20. Good frequency for VOT aimed thisaway, 250 kW, 310 degrees at 04-07 in Turkish only unless Englished by mistake (Glenn Hauser, OK, WOR)

** TURKEY. 5960, Feb 16 at 2258, no signal yet direct from VOT English; but then at 2303 it`s on at insufficient S9 (Glenn Hauser, OK, WOR)

** TURKEY. 5960, Feb 17 at 2258, VOT not off the air, VP direct (Glenn Hauser, OK, WOR)

** TURKEY. 5960, Feb 18 at 2258, VOT not off the air but JBA direct (Glenn Hauser, OK, WOR)

** U K O G B A N I. See DRM report below

** U S A. 245 MCW kHz, Feb 14 at 0713, FS, Sioux FallS SD, 100 watts. one of few LW beacons JBA vs line noise plus storm noise.

338 MCW kHz, Feb 14 at 0714, RYN, Ryan, Tucson AZ, 400 watts, ditto. Many of the closer regulars not audible (Glenn Hauser, OK, WOR)

** U S A. 293 MCW kHz, Feb 16 at 0719 UT, UI, JBA undermixing with FBY FairBurY NE, i.e. qUIncy IL. Is it really on the left bank of the Miss? (Glenn Hauser, OK, WOR)

** U S A. 7615 USB, Wed Feb 18 at 1505, net with tactical calls like Black Granite 53 [Montana], Yosemite 80 [California], Fastrunner 31 & 41 [where?]. Civil Air Patrol, para-military sounding. Hit this when hunting for Oklahoma Emergency Operations net missing from 5140 USB (Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2333 monitoring: ``Richard Lemke, St. Albert, Alberta, Canada, from the desk of Richard's listening Post, Radio: JRC NRD-535 HF, 1995, (30 years of service), Antenna: random long wires in the trees. WRMI, World of Radio (#2333):
9455 kHz, 2330-2358 (4-55433), February 8 UTC 2026 [Sun]
9395 kHz, Voice heard, 0130-0159, February 11 UTC 2026 [Wed]
9395 kHz, 0030-0059, (45433), February 12 UTC 2026 [Thu]
(Lemke, Richard -AB) 73's, Richard``

Confirmed UT Thursday February 12 at 0030 on WRMI 9395, S9+18/22 into Maryland SDR.

Also confirmed UT Thursday February 12 at 0130 on WRMI 5010, S6/S9 with storm noise from Atlantic into Maryland SDR.

Also confirmed Thursday February 12 at 1731 on SW Radio Gold, Germany, 3975.001-, S9/+10 into UTwente; and 6160.000, S9+5/15 with some ACI from 6165 CRI English to Iran, per EiBi.

0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed Friday February 13 at 2130 on IRRS SW via AM Italia, 1322.997+, S6/S7 into UTwente, as usual interrupting a previous program, something about NYC.

Also confirmed Friday February 13 at 2300 on WRMI 9955, S9/+12 into Maryland SDR, immediately preceded as usual by `California Dreamin``, must be theme of previous show `OTH Radio`, which also does the legal ID, right into me.

Also confirmed Friday February 13 at 2353 the 2331 on SW Radio Gold, Germany, 3975.003-, S8/S9 into UTwente.

Still not confirmed on WTWW 5085, UT Sat Feb 14 at 0400, as this WTWW has been totally off the air for a month now! I`ve asked George what`s the prognosis. The other one on 9930/5920 with nothing but TOMBS has remained operational.

Also confirmed Saturday February 14 at 1553 the 1531 on SW Radio Gold, Germany, 6160.001+, S9+10/15 with some ACI, and 3975.001+, S8/S9 in the clear.

Also confirmed Saturday February 14 at 1630 on WRMI 9955, S9/+20 into Knoxville SDR.

Also confirmed Saturday February 14 at 1700 on WRN via WRMI 7730, S9 into Miramar FL SDR, by groundwave; and on 9395, S9+5/10 into Knoxville SDR. Next:

2030 UT Saturday SW Radio, Germany 3975;
2030vUT Saturday WA0RCR 1860-AM [2000/2200];
2030 UT Saturday WRN via WRMI 9395 to NNW;
2100 UT Saturday WRMI 9395 to NNW;
2200 UT Saturday WRMI 9395 to NNW;
2230 UT Saturday WRMI 17790 to SSE;
2230 UT Saturday WRMI 15770 to NE;
0330vUT Sunday WA0RCR 1860-AM [nominal 0415; as late as 0500];
0730 UT Sunday WRN via WRMI 5850 to NE;
0730 UT Sunday WRN via WRMI 7570 to WNW;
0730 UT Sunday WRN via WRMI 7730 to NE;
0730 UT Sunday WRN via WRMI 7780 to SW;
1030 UT Sunday IRRS SW 9510 via Romania;
1130 UT Sunday WRN via WRMI 7570 to WNW;

1130 UT Sunday WRN via WRMI 7780 to SW;
2000 UT Sunday IRRS SW via AM Italia 1323;
2230 UT Sunday SW Radio, Germany 3975;
2330 UT Sunday WRMI 9455 to NW;
0000 UT Monday WRMI 9395 to NNW;
0030 UT Monday WRMI 7780 to SW;
0930 UT Monday SW Radio, Germany 6160;
2030 UT Monday SW Radio, Germany 3975;
0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed Saturday February 14 at 2030 UT on WRN via WRMI 9395, JBA direct, in quick hookup to LW antenna during lightning.

Computer was also off so could not check WA0RCR, 1860 AM, MO via nearby remotes from 2030v. Until 2118 the NW0Q remote could get it but not WOR, which probably had run closer to nominal hour.

Also confirmed Saturday February 14 at 2110 the 2100 on WRMI 9395 direct.

Also confirmed Saturday February 14 at 2119 the 2100 on WRN Europe stream.

Also confirmed Saturday February 14 at 2200 on WRMI 9395; preceded by a fragment of `Encore` used as filler until cut off for ID; not this week`s programme.

Also confirmed Saturday February 14 at 2235 on WRMIs 15770 S9+15/20 and 17790 S8/S9 both direct. Next:

0330vUT Sunday WA0RCR 1860-AM [nominal 0415; as late as 0500];
0730 UT Sunday WRN via WRMI 5850 to NE;
0730 UT Sunday WRN via WRMI 7570 to WNW;
0730 UT Sunday WRN via WRMI 7730 to NE;
0730 UT Sunday WRN via WRMI 7780 to SW;
1030 UT Sunday IRRS SW 9510 via Romania;
1130 UT Sunday WRN via WRMI 7570 to WNW;
1130 UT Sunday WRN via WRMI 7780 to SW;
2000 UT Sunday IRRS SW via AM Italia 1323;
2230 UT Sunday SW Radio, Germany 3975;
2330 UT Sunday WRMI 9455 to NW;
0000 UT Monday WRMI 9395 to NNW;
0030 UT Monday WRMI 7780 to SW;
0930 UT Monday SW Radio, Germany 6160;
2030 UT Monday SW Radio, Germany 3975;
0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;

0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed UT Sunday February 15 from 0451 on WA0RCR, 1860 AM, MO, S7 with storm noise into NW0Q remote in nearby Glen Carbon IL.

Also confirmed Sunday February 15 at 0730 on WRN via WRMIs: 5850 5950=addition 7570 7730 7780, best on the first three;

Also barely confirmed Sunday February 15 at 1145 the 1130 on WRN via WRMI 7570 JBA, 7780? JBA carrier. Next:

2000 UT Sunday IRRS SW via AM Italia 1323;
2230 UT Sunday SW Radio, Germany 3975;
2330 UT Sunday WRMI 9455 to NW;
0000 UT Monday WRMI 9395 to NNW;
0030 UT Monday WRMI 7780 to SW;
0930 UT Monday SW Radio, Germany 6160;
2030 UT Monday SW Radio, Germany 3975;
0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed Sunday February 15 at 2021 the 2000 on IRRS SW via AM Italia, 1322.997, S9+10/15 into nearby Noale SDR.

Also confirmed Sunday February 15 at 2109 the 2100 on WRN Europe stream.

Also confirmed Sunday February 15 at 2255 the 2230 on SW Radio Gold, Germany, 3975.002-, VP S8/S9 into Utwente. [I know a very poor rating yet S8/S9 may seem strange, but considering all things, noise level, etc.]

Also confirmed Sunday February 15 at 2330 on WRMI 9455, S9+25 into Knoxville SDR; interrupted Israeli music fill.

Also confirmed UT Monday February 16 at 0000 on WRMI 9395, S9+10 into Knoxville SDR.

Also confirmed UT Monday February 16 at 0030 on WRMI 7780, S9 direct but noisy.

Also confirmed UT Monday February 16 from 0403 on Area 51 webcast; this week JL ran slightly over on 5130- WBCQ which has to chop to s/off at 0400 sharp. W. C. Fields had a comment just before me. Next:

2030 UT Monday SW Radio, Germany 3975;
0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;

0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed Monday February 16 at 2030 on SW Radio Gold, Germany, 3975, JBA at UTwente, but S8/S9 into Bedford UK recommended SDR. Next:

0330 UT Tuesday WRMI 7780 to SW;
1400 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
1500 UT Tuesday WRMI 9955 to SSE [also web-, phonecast];
2100 UT Tuesday IRRS SW via AM Italia 1323;
0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed UT Tuesday February 17 at 0330 on WRMI 7780, S9+20 into S Texas SDR. This interrupted a speech by Little Marco: I have no idea what that program may have been. Per skedgrid, at 0330, WRMI-13, 7780 switches from red System F to blue System D. But the program grid does not show anything on 7780 between 0300 and 0330 on D, F or anyother System. The guero site attempting to make WRMI skeds ``human-readable``, is even less helpful:
https://www.guerogram.org/home/schedules

Also confirmed Tuesday February 17 at 1407 the 1400 on WRMI 9955, S7/S9 direct.

Also confirmed Tuesday February 17 at 1510 the 1500 on WRMI 9955, by now deteriorated to S5/S9 direct.

Also confirmed Tuesday February 17 at 2100 on IRRS SW via AM Italia, 1332.997+, S9 into UTwente, cutting off Japan weather report from NHK.
Next:

0030 UT Wednesday SW Radio, Germany 3975;
0130 UT Wednesday WRMI 9395 to NNW;
2030 UT Wednesday SW Radio, Germany 3975;
2200 UT Wednesday WBCQ 7490v to WSW;
0030 UT Thursday WRMI 9395 to NNW;
0130 UT Thursday WRMI 5010 to S;
1730 UT Thursday SW Radio, Germany 3975 & 6160.
(Glenn Hauser, OK, WOR)

** U S A [and non]. WORLD OF RADIO 2334 monitoring: confirmed UT Wednesday February 18 at 0037 the 0030 on SW Radio Gold, Germany, 3975.001+, S&/S9 noisy into UTwente.

Also confirmed UT Wednesday February 18 at 0142 on WRMI 9395, S9+10 into Knoxville SDR.

Also confirmed Wednesday February 18 at 2030 on SW Radio Gold, Germany, 3975, S9/+20 into Bedford UK SDR, but not into UTwente.

Also confirmed Wednesday February 18 at 2200 on WBCQ 7490, S7/S9+10 into Georgia SDR. Next:

0030 UT Thursday WRMI 9395 to NNW {confirmed};
0130 UT Thursday WRMI 5010 to S {confirmed};
1730 UT Thursday SW Radio, Germany 3975 & 6160.

Thanks this week to Michael Beu, Austin TX, for a contribution via PayPal in US funds but not necessarily, to woradio at yahoo.com and says, ``Hey Glenn: Thanks for providing a valuable resource for DXers. Have a great 2026``

One may also contribute by MO or check on a US bank to Glenn Hauser, P O Box 1684, Enid OK 73702 (Glenn Hauser, OK, WOR)

** U S A. 9930, Feb 17 at 1544, WTWW S9+45, overmodulated and distorted with presumed TOMBS. SSOB by far (Glenn Hauser, OK, WOR)

** U S A. Pre-`AAAWWW` chex of WBCQs, UT Sat Feb 14: into Vermont SDR which is accurately calibrated compared to WWV: *0055, 5130 -52 Hz = 5129.948 cuts on with The Planet ID & IS loop. Mainly I`m listening to (7490) webcast. FKB finishes after 30-second warning tone, dead air, 0100.5 ID, and `WTO` theme, first interjexion, ``Oho, Argh?`` - ``OK, before AI takes over our minds and the world```, single word, ``Real``. 5130 seems late joining, and way out of synch, as is JBA 6160. It`s World Radio Day. Allan thinx there are *billions* of SW radios out there. Since world population of humans is now about 8.3 billion, that means one out of 4 or 5 persons has a SW radio, if there be at least 2 billion; yeah, right. Concerned about AI slop, ever-increasing electric consumption, driving up costs for everything/one else. 0118 datestamp as 13 Feb YOOLF 2026, from Studio 9 in Deland of Fla. 0119 check, JBA on 6160, 5130. 0126 song ``Mr Postman``. WLC has left 9330 at least *temporarily*, so available. 0138 acknowledges lots of reception reports, first names only: Norway; 0140 David in Mexico; 0142 Nestor in Argentina. 0133 Siddartha in India for Angela on 6160. Dmitry in Russia. Bad news: Akanko (??sp??) company in California has stopped rebuilding hi-power transmitting tubes. Continental has been sold to a horrible corporate thing. 0150 from Mark in Michigan. 6160 R. Angela has been suspended, can`t afford the costs to run it. Joseph somewhere. Edward in NJ. Yokota, Japan, etc.... (Glenn Hauser, OK, WOR)

** U S A. 9955, Feb 12 at 1554, WRMI talk in English, very undermodulated, as often/always the case on this legacy transmitter; is it ailing? (Glenn Hauser, OK, WOR)

** U S A. 5850, UT Sun Feb 15 at 0109, WRMI with `Encore`, Ravel Piano Trio, S9+10/20 vs storm crashes (Glenn Hauser, OK, WOR)

** U S A. 5950, Feb 16 at 0532, this WRMI is off, unlike last night when it was still on past 0730 with WOR (Glenn Hauser, OK, WOR)

** U S A. 7780, 7570, 5850, Feb 16 at 0717, classical music on WRMIs but 5950 is off. Presumably a Sunday program of DW as sked on WRN relay, rather than `Encore` (Glenn Hauser, OK, WOR)

** U S A. 9455, Feb 18 at 2300, since it`s Wednesday, no Argentina relay but VORW on WRMI, not off the air; starts with time signal implying far greater accuracy than in reality - must have aired 5-10 sex late (Glenn Hauser, OK, WOR)

** U S A. 7505, Feb 12 at 0731, WRNO still on S9+20/40 with gospel?/rock (Glenn Hauser, OK, WOR)

** U S A. 7505, Feb 16 at 0531, S9+10/20 but fadey, undermod talk, in

Hindi? from WRNO (Glenn Hauser, OK, WOR)

** U S A. 650 kHz, Feb 17 at 0743 UT, dead air at S7/9+ from WSM Nashville. Still DA at further chex 0757, 0800+, 0837. All dozing at WSM? Yes, it is the middle of the night, but if no one at WSM is listening to it, how can they expect anyone else to? (Glenn Hauser, OK, WOR)

** U S A. 660 kHz, Feb 16 at 0608 UT, strong S9+10 C&W tune, ``Highway Robbery``, then KTNN ID in English, from Window Rock, Tohatchi and one other town in coverage area in rotation; S9+10 and stronger than 650 WSM. Obviously not nulling toward NYC (Glenn Hauser, OK, WOR)

** U S A. 1040 kHz, Feb 17 at 2312 UT, Vietnamese YL mixing with WHO, best on E/W loop. Got to be the only ETH/Viet listed in NRC AM Log, WPBS Conyers GA, D1 50000, CH 5500 watts. This should be after sunset there? (Glenn Hauser, OK, WOR)

** U S A. 1090 kHz, Feb 17 at 2307 UT, trying to hear KAAY Little Rock on day power and catch it cutting to 3.4 kW direxional at night. Now there is gospel music, fading, but at 2311 discussing Rosary so likely EWTN station KEXS Excelsior Springs MO. At 2343-2346 not much of anything, as 2345 should be official sunset this month in Little Rock.

OTOH, Terry Krueger told me Feb 16: ``They [KAAY] may be authorized at 3.4 kW nights but were still Bob Seger “Still the Same” excellent level this pre-dawn today here in NW Florida. “Same as it ever was. And look where my…” Talking Heads`` (Glenn Hauser, OK, WOR)

** U S A. 1090, Feb 18 at 2318, EWTN ID in English, call in show asking why aren`t you Catholic? Quite dominant on N/S antenna, but on E/W loop some undermusic presumably KAAY Little Rock still on 50 kW ND day pattern. EWTN is KEXS Excelsior Springs MO = Kansas City, D4 only 10 kW, or CH of 4000 per NRC AM Log. Then KEXS fades way down and back up (Glenn Hauser, OK, WOR)

** U S A. 1150 kHz, Feb 17 at 2317 UT, WKDO? with traffic info for I-12 and I-10, so got to be WJBO Baton Rouge LA, U4 15000/5000 (Glenn Hauser, OK, WOR)

** U S A. 1190, Feb 14 at 0806 UT, ``Talk Radio 1190, KFXR``. U4 50/5 kW but seldom heard here; night pattern from site NE of Dallas, east of Garland, has minor lobe due north but notch to the NNW; day pattern from a *different* site west of Dallas barely reaches OKC on fringe contour. I am more interested in something in Spanish (Glenn Hauser, OK, WOR)

** U S A. 1210 kHz, Feb 17 at 2314 UT, ``Sunny 103`` with call-in to AC 901. Therefore, WMPS Bartlett TN, address in Memphis, U4 10000/250, as ``103.1 Sunny 1210`` in NRC AM Log (Glenn Hauser, OK, WOR)

** U S A. 1420 kHz, Feb 18 at 0734 UT tuneacross, immediate ID as KTOE, Mankato. KTOE in MN is U2 5/5 kW. Day pattern slightly oval favoring SW; night pattern much more so, major lobe thisaway. But normally dominant here is WOC Davenport IA (Glenn Hauser, OK, WOR)

** U S A. 1590, Feb 17 at 2310 UT, 573 AC for Dexter PD, sounded like KVUN AM 1590, but per NRC AM Log, Dexter MO station is KDEX (Glenn Hauser, OK, WOR)

** URUGUAY. 28397 USB, Feb 16 at 2308, CX7RM, Pablo in southern U, working UStations such as unheard K5EHT. QRZ.com: ``CX7RM Uruguay flag Uruguay, Pablo Goldaracena Sommaruga, Pinares Calle Sagitario, Punta del Este 20005, Uruguay`` with variety of illustrations: antennas,

equipment, scenery, people/family, pet, certificates (Glenn Hauser, OK, WOR)

** VANUATU [and non]. 7260, Feb 13 at 0713, R. Vanuatu is back here! I bandscan past here every night, and now no JBA carrier on 5040. S4/S6 of talk presumed Bislama, keyword giveaway ``b`long``; 0715 mentions Vanuatu. 0759 sounds like French, music. So just a few hours after I record WOR 2334 mentioning that it`s still on 5040 instead of 7260 or 9960 where we can hear it much better, immediately outdating my item! I figured Ron Howard would notice this too, and he did but not until 0725 via NZ remote, so I beat him to it, hi! He points out that Feb 15 is celebrated as John Frum Festival of the cargo cult. Meanwhile, NZ on 13755 is JBA carrier instead of often standout signal (Glenn Hauser, OK, WOR)

** VANUATU. 7260, Feb 14 at 0710, R. Vanuatu still here with S4/S7 talk direct (Glenn Hauser, OK, WOR)

** VANUATU. 9960, Feb 16 at 0522, no signal from R. Vanuatu which Ron Howard reported reactivated here, but apparently switching earlier than before to 7260. On Feb 15 via NZ remote, Ron was hearing 9960 at 0315, but by 0530 they were already on 7260. Walt Salmaniw had 7260 at 0658, but did they then QSY again? No, Manuel Méndez, Spain, still had 7260 at 0817 Feb 15 (Glenn Hauser, OK, WOR)

** VATICAN. 15490, Feb 16 at 1524, S5/S7 in S Asian song. It`s VR in Malayalam at 1510-1530 from SMG, preceded by 1430-1510 Hindi & Tamil. Hardly any other 19mb signals between 15150 WMLK and 15770 WRMI, as VR again penetrates NAm even when aimed far away (Glenn Hauser, OK, WOR)

** VENEZUELA. 4940, Feb 13 at 0722, song with harp, S9+20, Estación 4940, much stronger than usual JBA, always there overnight, AFAIK the *only* S American on 60m at this hour. Don`t you believe the Aoki list which misses this completely but shows instead the only 4940 as R. San Antonio, Perú, which is long gone but sometimes assumed by list-loggers (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 850, Feb 12 at 0745 UT, screaming gospel huxter in English under KOA. In the NRC AM Log, of a few REL formats, most likely: WXJC Birmingham AL U4 50/1 kW; WQRM Duluth MN D1 50 kW; KFUO Clayton MO L1 5 kW but would not expect screamers on this Lutheran CMS station. In any event, someone is out of order (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1070, Feb 12 at 0747 UT in continued vacancy of KFTI, I hear KNOW -- but no similar call listed, probably part of a wordified phone number. There is no AM station with call KNOW, but FM 91.1 Minnesota Public Radio in MSP (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1130 kHz, Feb 16 at 0602 UT, song in Spanish, better on E/W loop than N/S shortwire. Cheater KLEY Wellington KS apparently off, while English talk presumably KWKH. NRC AM Log shows SS in AL, CA, GA, SC, TN, TX -- all supposedly daytimers, except KSDO San Diego U4 10/10 kW, CP U4 5000/300 (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1130 kHz, Feb 17 at 0753 UT Spanish mentions 105.1 FM. Cheater KLEY Wellington KS must be off for a change. NRC AM Log shows no direct correlation between anything on 1130 and 105.1, let alone if in Spanish. WTFDA FM DB shows several SS on 105.1 but no direct correlation to relays of an 1130. See last night`s unID 1130, seemed KSDO San Diego most likely, but no 105.1 correlation with that (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1310 kHz, Feb 16 at 0555 UT, choral Mex NA is playing until 0600, then no Spanish, may have turned off or faded out. There

are 7 XEs on 1310 in IRCA Mexican Log, 5 of them 24h. At bottom is a separate roster of stations showing how and when they play the NA, but none of them fit this just before 0600 (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1350 kHz, Feb 16 at 0554 UT, ``La Onda Chicana``, then call ID in English could not copy except ending in -AM, and Mexmx. Surely a US not Mexican, but no such slogan listed in NRC AM Log. Broad search implies the expression applies to a sub?genre, not an ID. Most likely is `Tejano` KXTN San Antonio TX, U2 5/5 kW (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1441.67 approx., Feb 16 at 0552 UT, JBA carrier again hetting 1440s (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1441.67, Feb 18 at 0749 UT, mystery JBA carrier again, while the TV set is off. A couple others at 0730 but then gone with the TV off: 1159.47, 1360.02 (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1460.34 approx., Feb 16 at 0550 UT, JBA carrier hetting 1460s. Nothing further off than 1460.02 at mwoffsets (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 1710 kHz, Feb 16 at 0545 UT, JBA carrier; EiBi has been hearing a pirate there in Alabama, but no doubt other pirates and HAR/TIS exist (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 5036 USB, Feb 16 at 0537, 2-way in colloquial Spanish, barely far enough from 5025 Rebelde which is not off the air (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 6016.78, Feb 13 at 0717, S6/S8 of dead air, or is it just barely modulated? Again suspect Colombian pirate Organización Radial El Prado close to signature split frequency as also logged 48 hours ago on 6016.74. Need to check before 0200, its original closing time (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 6016.8 approx., Feb 14 at 0723, JBA carrier, again suspecting Organización Radial El Prado, still not sought earlier before 0200 maybe modulating (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 6017 approx., Feb 15 at 0111, no signal as I am finally checking for Colombia`s Org. Radial del Prado, suspected source of carrier much later circa 0723 (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 13500, Feb 17 at 1548, S9+20 open carrier amid CODAR swirshing, off by 1553 check. Martí and WWCR frequencies modulating where they should be, 13570, 13820, 13845 (Glenn Hauser, OK, WOR)

UNIDENTIFIED. 18985, Feb 12 at 1545, JBA carrier again, OSOB (Glenn Hauser, OK, WOR) {still heard Feb 18}

UNIDENTIFIED. 25955 LSB, Feb 16 at 2305, 2-way, or multi-way, in Brasuguese with beeps, reverb, as if this be CB in Brazil. Our CB 27+ MHz piling up, and also deep SAmhams on 10m (Glenn Hauser, OK, WOR)

Checking some of the DRM tests for World Radio Day, via remotes:

15255-15260-15265, Feb 13 at 1545, S9/+10 into TWR Cyprus SDR, YL talk at first in unknown language, then my brain lox onto Portuguese. Math lessons, alternating with bits of music. Solid reception but rather lo-fi, 7.50 kbps; labeled Education Radio. At 1558 switch to German about DRM and off 1559*. This one scheduled as: ``15:00-16:00 15260 kHz Europe Woofferton A928A Encompass Directional antenna (114°)``

21600-21605-21610, Feb 13 at 1600, no signal into TWR Cyprus, but at 1627 try TWR Jo`burg RSA, and there it is S9+10/20, strong signal visible but not audible, rx overloaded? The other RSA SDR at 1632 has S3 signal, inaudible, then audio cuts on and off, labeled as ``Education Radio``. This hour was: ``16:00–17:00 21605 kHz Central and Southern Africa Nauen Media Broadcast Directional antenna (167°)``

15305-15310-15315, Feb 13 at 1700, into Jo`burg, French S9/+10, labeled Education Radio, 14.52 kbps. At 1709 switch to Spanish about DRM from Great Britain. But this is: ``17:00–18:00 15310 kHz East Africa Nauen Media Broadcast Directional antenna (150°)`` Cuts to silence much of the time. Label alternating languages including: ``Esta transmissão especial por ocasião do Dia Mundial do Rádio da UNESCO é transmitida pela Media Broadcast –
1 xHE_AAC (1002) Education Radio EEP Data 14.52 kbps
2 (1003) Edu Textbook EEP Data 6.44 kbps`` - the latter not observed.

15630-15635-15640, Feb 13 at 1907, no signal into RSA; Sao Bernardo, Brasil sees DRM less than S7 but no audio, labeled as Education Radio, 7.50 kbps; cutting in & out: 1911 geometry lesson in English; 1932 French cutting on and off. This is: ``19:00–20:00 15635 kHz Eastern Gulf of Guinea Woofferton A912 Encompass Directional antenna (170°)``

17565-17570-17575, Feb 12 at 2020, Brasília displays S9+10 but no sound. ``20:00–21:00 17570 kHz Brazil and parts of Latin America Ascension A21 Encompass Directional antenna (265°)``

Overall, I am not impressed. Requires *work* merely to tune in, and then you can`t necessarily get a solid signal. Give me an analog anytime, which will remain audible/readable even when fading (Glenn Hauser, OK, WOR)
